In addition to the templates, each participant will be provided with a teaching pack. The teaching pack consists of a doodle cloth and a range of threads and beads for use while learning. This means that participants do not have to use threads and beads from the project pack.*

*If your group or guild chooses to do the workshop with live sessions, high resolution video clips for all the stitches and techniques are provided in an online private domain so that participants will be able to reference them between and after the live sessions. Access to this domain does not expire so that participants are not under pressure to finish the project within a designated time frame. Each participant will receive an access document by email.*

*Step by step instructions, along with colour images, diagrams and stitch guidelines are provided in the instruction booklet that accompanies the project kit. These instructions should be used in tandem with either the live sessions or the prerecorded video lessons.*
